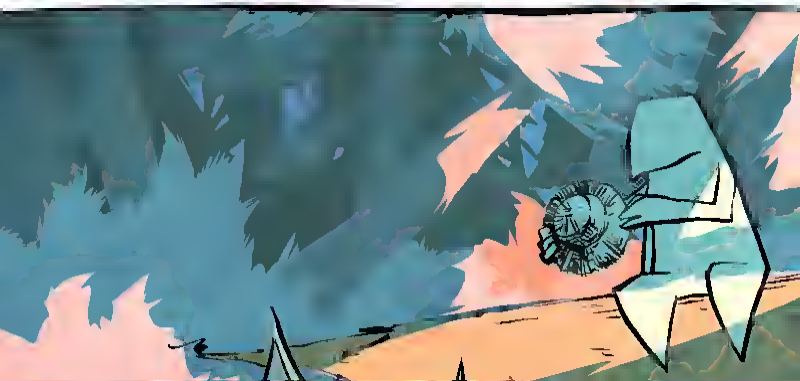
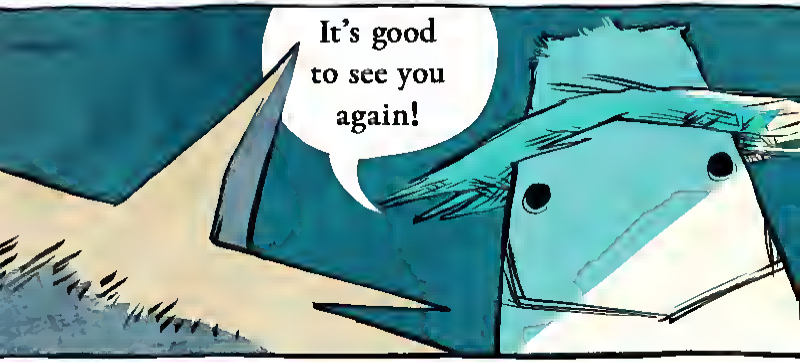
So, that's Simon?



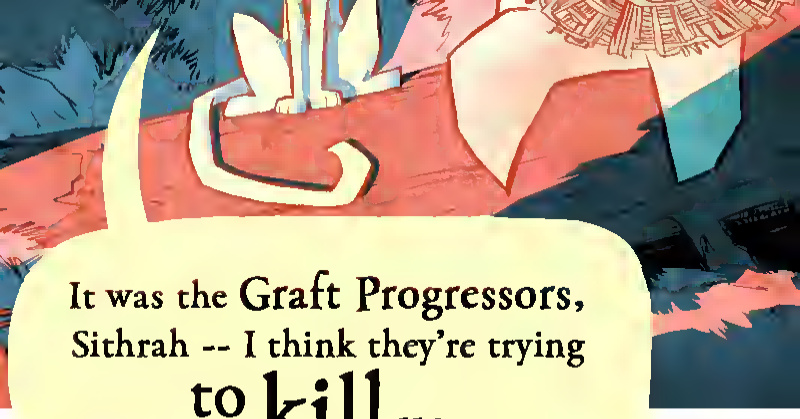
MEOWf!!



That girl is going to be the death of me!

Surviving a plane crash is **easy** compared to surviving the **reunion.**

It's only because she loves you so much.
Yeah, well...

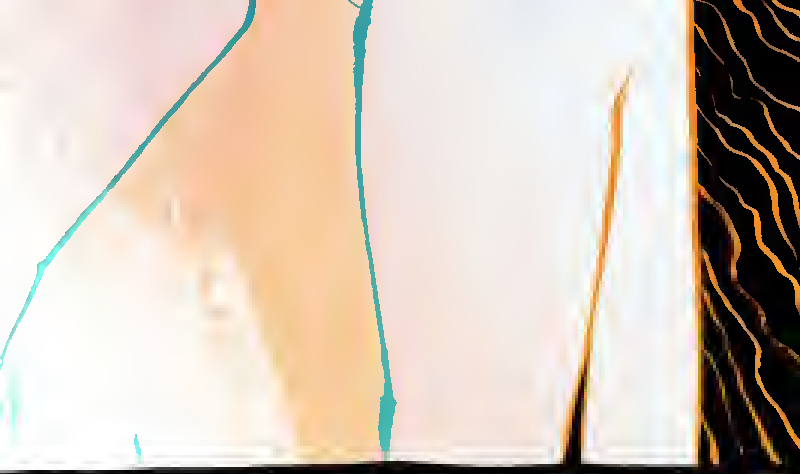


It was the Graft Progressors, Sithrah -- I think they're trying to kill us.

They were looking for something, but I couldn't...

May I see?
Sure.

TOUCH



You're a lucky little fella.
We both are!

"It's over here, sir!"

You hear that?
Someone found us already.

You wanna bet Vonna's with them, too?

Hey, there--!

Wait, no.

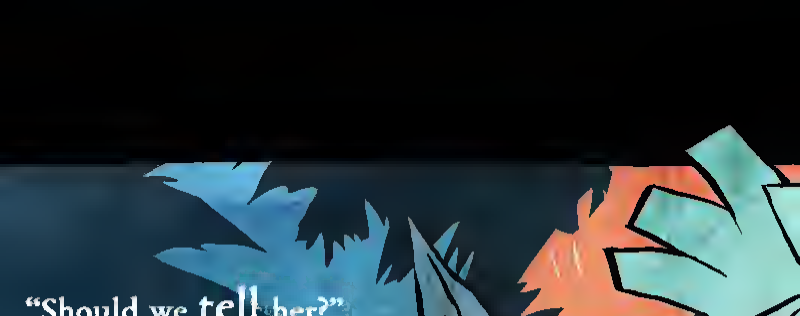
POW

Search everything!

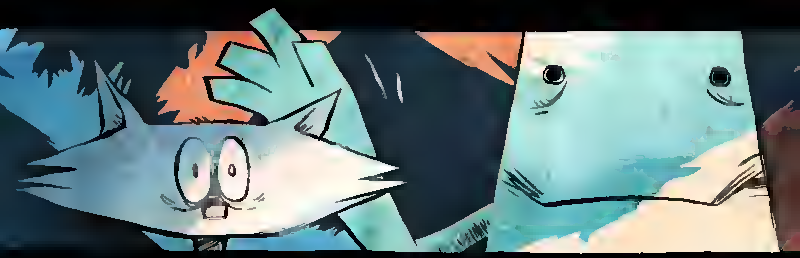
We're not leaving here until we find it. Whatever it is!

What about him?
You know what to do.

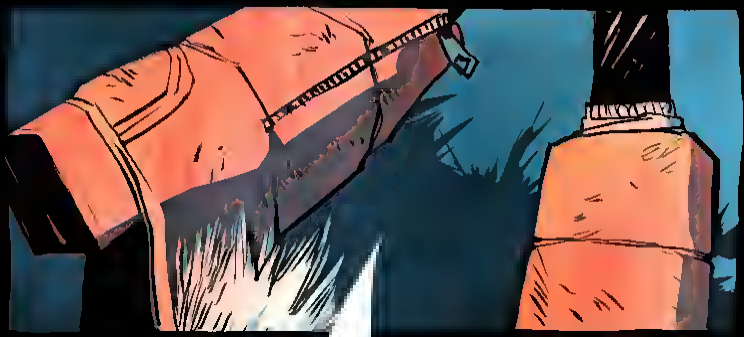
BLAM



"Should we tell her?"



"I don't think
she's ready yet."



There you are, silly!

Wow, maybe cats do have a sixth sense -- you're sitting right next to Sithrah!

But you probably have no idea, do you?

I'm so happy you're okay, kitty.

I love you so much.

Wait--
she can see you?!
>sigh< Yup.
